

SUMMARY

A final-year B.Tech CSE student specializing in MERN stack development, with hands-on experience in building full-stack applications. Passionate about exploring new technologies and constantly seeking opportunities for learning and growth.

EDUCATION

Degree	Institute	Board / University	CGPA/Percentage	Year
B.Tech CSE	University Institute Of Technology , Shimla	UIT Shimla	8.46 (Till 7th Sem)	2021-2025
Senior Secondary	Kendriya Vidyalaya , Naleti	CBSE	78.2%	2020
Matriculation	D.V.A. Sr. Sec. Public School ,Dehra	CBSE	75.4%	2018

EXPERIENCE

- Shuchit Infoteh

Mern Developerr Intern

Oct 2024 - Present
Work From Home

– During my internship, I worked extensively with MERN, Developed an online examination platform , enabling users to create, manage, and attempt exams seamlessly.

– This experience honed my skills in building dynamic and user-friendly web applications.
- Technical Team

Developer/Coder

May 2022 - Present

– Our Team is a harmonious blend of programmers , developers , networking enthusiasts , and many more.

– We organize Tech Fest , mange Technical aspects of UIT , In charge of building strong Coding Community at UIT.

PROJECTS

- College Tech Fest Site

MERN Stack Project

July 2024 - August 2024
Github , Demo

– This platform offers seamless login and signup functionality, allowing students to easily apply for exciting college events

– With an admin panel, event organizers can efficiently verify and manage applications, ensuring a smooth and vibrant fest experience.
- Ecommerce Website

MERN Stack Project

March 2024 - March 2024
Github , Demo

– Developed with React.js to create interactive and responsive user interfaces, allowing users to browse products, manage their cart, and access their dashboard with ease

– Used MongoDB database for storing users.

– Utilizes API endpoints in Express.js to fetch and deliver product data from the database to the frontend.
- Twitter Clone

MERN Stack Project

December 2023 - January 2024
Github , Demo

– React.js used for building a dynamic and responsive user interface, allowing users to sign in or log in using Google or email, tweet, view others’ tweets, and manage their profiles

– Used React hooks like Context API, useState,useEffect,useRef,useReducer for state management .

– Node.js Express.js handle server-side logic and API routes, managing user authentication with Firebase, processing tweets, and updating user profiles. They also handle requests for deleting tweets and updating user data.

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript, DSA
- **Front-End:** React JS, Ejs, Javascript, TypeScript, JQuery, Bootstrap, Tailwind CSS, Material UI, CSS, HTML
- **Back-End:** Express JS, MongoDB, Node JS, DBMS , SQL
- **Tools and Frameworks:** Visual Studio & Figma
- **Operating Systems:** Windows, Linux & Android

CERTIFICATIONS

- **Full Stack Development** Youtube
- **Java** Youtube
- **Reactjs** Udemy,Youtube

POSITIONS OF RESPONSIBILITY

- **Technical Team Member**,Technical Team, UIT Shimla

July. 2022 - Present
- **Coding Community Co-ordinator**,Placement Cell, UIT Shimla

Aug. 2024 - Present
